Wet Picnic (UK) Call Out for Performers and Street Performers

Wet Picnic are looking for dynamic, hard working, performers with experience of devised physical theatre to work with them over the coming year. We have 6 shows to either create or recast, which will be touring nationally and internationally. We will hold 4 workshops auditions. Two of which will focus on indoor work and two will focus on outdoor work, applicants can apply to both if they feel that their skills are appropriate.

The company

Wet Picnic are a group of theatre artists, who create work as an ensemble. The company aims to create great art wherever there is an audience. We are not bound by space or location. Accessibility is key to the company both in terms of the content of our work and where it is presented. We are a company that delights in the absurd, playing with the notion of British eccentricity, mixing bouffon, clown, slapstick and physicality to create work that reflects life in all its forms. We continue to look at new ways of creating theatre blurring the lines between audience and performer, indoors and outdoors, traditional and contemporary. In the past 3 years Wet Picnic has toured throughout the UK, Europe, China and Russia.

For further information about the company please see: www.wetpicnic.com
